

AT&T Business Website Migration Plan

Migration to AEM Edge Delivery Services

Executive Summary

This document outlines a comprehensive migration plan for **www.business.att.com** to AEM Edge Delivery Services. The AT&T Business website is a large enterprise B2B site with approximately **749 pages** (per client sitemap/robots.txt) across multiple content types including products, portfolios, industry solutions, customer stories, and support content.

Note: This document catalogs the primary page types and templates. The 749-page total from the client sitemap includes additional content such as archived pages, regional variations, legacy URLs, and dynamically generated pages not visible in the main navigation.

Site Structure Overview

Primary Navigation Categories

Category	URL Pattern	Description
Products	/products/*.html	Individual product/service pages
Portfolios	/portfolios/*.html	Solution category landing pages
Industries	/industries/*.html	Vertical market pages
Categories	/categories/*.html	Product grouping pages
Learn	/learn/*.html	Content hub (articles, stories, reports)
Support	/support/*.html	Customer support pages
Explore	/explore/*.html	Campaign/landing pages
About	/about/*.html	Company information
Offers	/offers.html	Deals and promotions
Bundles	/bundles.html	Service bundles

Page Inventory by Type

1. Homepage (1 page)

- **URL:** / (index.html)

- **Purpose:** Main entry point with promotional content, product highlights, and navigation
- **Complexity:** High (multiple carousels, hero sections, form)

2. Product Pages (~45+ pages)

Individual product/service detail pages with specifications and CTAs.

Product	URL
Wireless Plans	/products/wireless-plans.html
AT&T Dynamic Defense	/products/att-dynamic-defense.html
Business Fiber Internet	/products/business-fiber-internet.html

Block Inventory with Variations

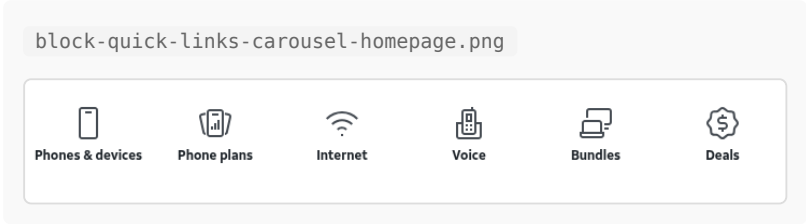

Screenshot Reference Directory

All block screenshots are stored in `/workspace/block-screenshots/` with naming convention: `block-{name}-{variant}-{page}.png`

1. Navigation Blocks

1.1 Quick Links Carousel

Horizontal scrollable navigation pills with icons for quick access to key sections.

Variation	Description	Example Page	Screenshot
Homepage	6 pill links with icons (Phones, BYOD, Deals, etc.)	/	block-quick-links-carousel-homepage.png 
Product Page	Context-specific links related to product category	/products/wireless-plans.html	Same component, different links

Key Features:

- Horizontally scrollable on mobile
- Each pill has icon + text label
- Links to key conversion pages

2. Hero Blocks

2.1 Promo Banner Carousel

Narrow promotional banner at top of page with rotating messages.

Variation	Description	Example Page	Screenshot
Standard	Single promo message with "Learn more" CTA	/	block-promo-banner-carousel-homepage.png Try AT&T Business for 30 days AT&T Business offers a 30-day risk-free cancellation policy on wireless and AT&T Business Fiber solutions. Learn more
Risk-Free	30-day guarantee messaging	/products/wireless-plans.html	Same component

2.2 Hero with Offer Cards

Large hero section with product/offer card carousel overlay.

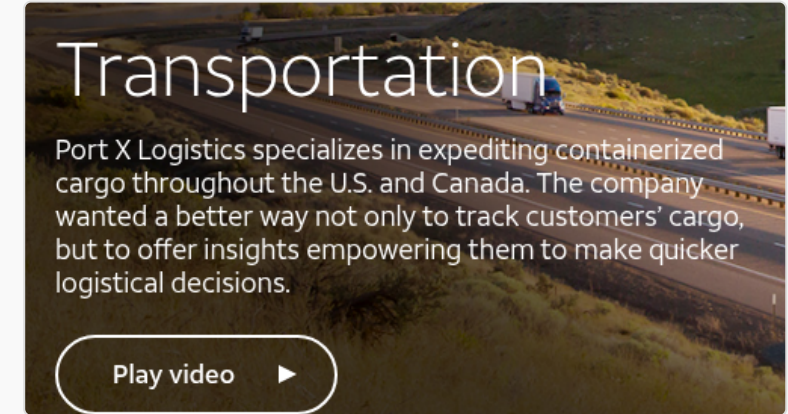

Variation	Description	Example Page	Screenshot
Homepage Hero	Blue gradient background, "Explore AT&T Business" heading, 4+ offer cards carousel	/	block-hero-offer-cards-homepage.png

Key Features:

- Dark blue gradient background
- Large heading with subtext
- Card carousel with pricing, terms, CTAs
- Cards show strikethrough pricing, monthly rates

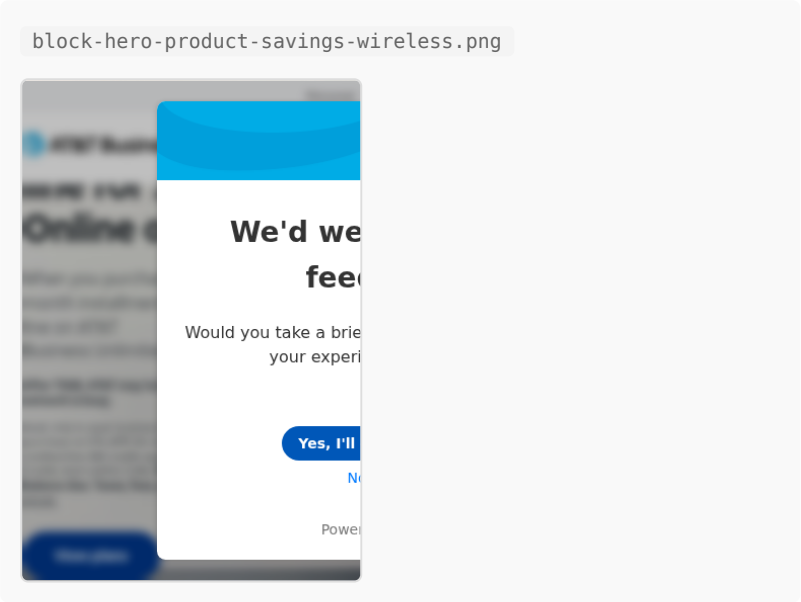

2.3 Video Hero Banner

Hero section with embedded/playable video and text overlay.

Variation	Description	Example Page	Screenshot
Product Video Hero	Video thumbnail with "Fast. Secure. Reliable." messaging	/	block-video-hero-banner-homepage.png 
Article Video Hero	Full-width hero with video play button, company logo overlay	/learn/customer-stories/portx.html	block-hero-article-video-story.png 

2.4 Product Hero with Savings Badge

Product page hero with promotional savings callout.

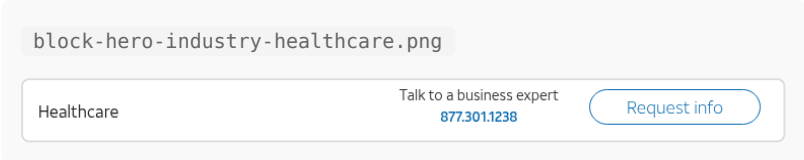

Variation	Description	Example Page	Screenshot
Savings Hero	"More lines, bigger savings" badge, "Save \$15/mo." headline	/products/wireless-plans.html	

Key Features:

- Green "More lines, bigger savings" badge
- Large savings headline
- Expandable terms/conditions
- "View plans" CTA button

2.5 Industry Hero

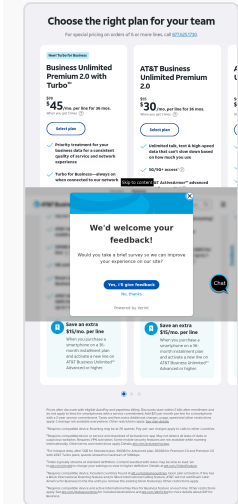

Minimal hero for industry vertical pages with breadcrumb navigation.

Variation	Description	Example Page	Screenshot
Industry Standard	Breadcrumb + "Solutions for [Industry]" heading + phone CTA	/industries/healthcare.html	

3. Card & Carousel Blocks

3.1 Pricing Cards Carousel

Plan comparison cards with pricing, features, and CTAs.

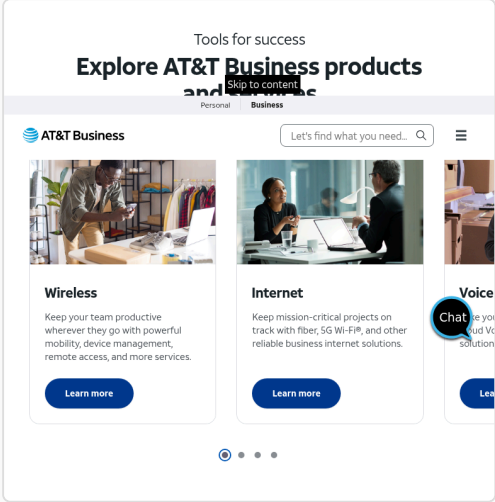

Variation	Description	Example Page	Screenshot
Wireless Plans	4 plan cards (Turbo, Premium, Advanced, Standard) with tiered pricing	/products/wireless-plans.html	block-pricing-cards-carousel-wireless.png 

Key Features:

- "New!" badge for featured plans
- Strikethrough original pricing
- Per-line/per-month pricing
- Feature checklist with icons
- Expandable savings callout
- "Select plan" CTA buttons
- Carousel navigation dots

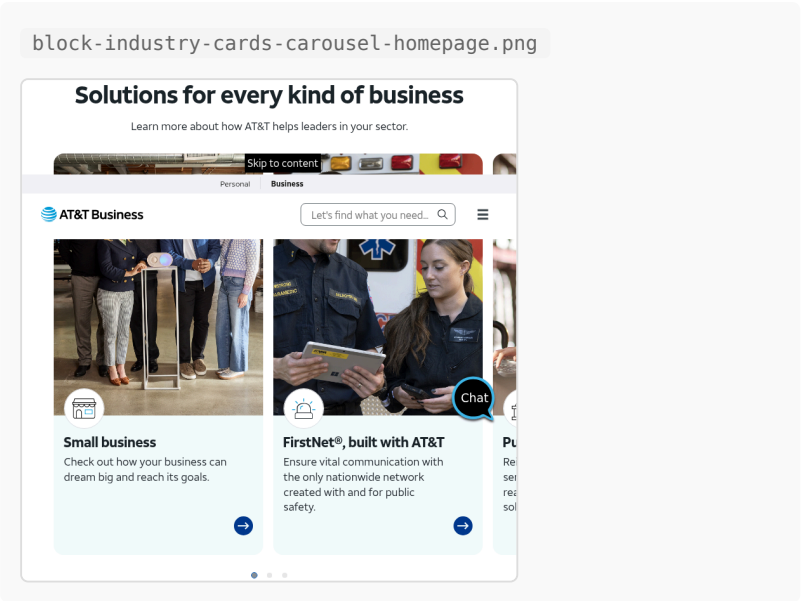

3.2 Product Cards Carousel

Product/service showcase cards in horizontal carousel.

Variation	Description	Example Page	Screenshot
Homepage Products	Service cards (Turbo, Switch Assist, International)	/	block-product-cards-carousel-homepage.png  A screenshot of the AT&T Business homepage. At the top, it says "Tools for success" and "Explore AT&T Business products". Below this is a navigation bar with "Personal" and "Business" tabs, and a search bar. The main content area features a carousel of three product cards: "Wireless" (Keep your team productive wherever they go with powerful mobility, device management, remote access, and more services.), "Internet" (Keep mission-critical projects on track with fiber, 5G Wi-Fi®, and other reliable business internet solutions.), and "Voice" (Keep your team connected with cloud VoIP solutions). Each card has a "Learn more" button. A "Chat" bubble is visible on the right side of the carousel.
Premium Benefits	"Explore premium benefits" section	/products/wireless-plans.html	Similar layout

3.3 Industry Cards Carousel

Industry vertical solution cards.

Variation	Description	Example Page	Screenshot
Homepage Industries	Cards for Healthcare, Finance, etc. with icons	/	 The screenshot shows the AT&T Business homepage. At the top, it says "Solutions for every kind of business" and "Learn more about how AT&T helps leaders in your sector." Below this is a navigation bar with "Personal" and "Business" tabs. The main content area features two prominent cards: "Small business" with the text "Check out how your business can dream big and reach its goals." and "FirstNet®, built with AT&T" with the text "Ensure vital communication with the only nationwide network created with and for public safety." Both cards have a right-pointing arrow icon. A "Chat" button is visible on the right side of the cards.

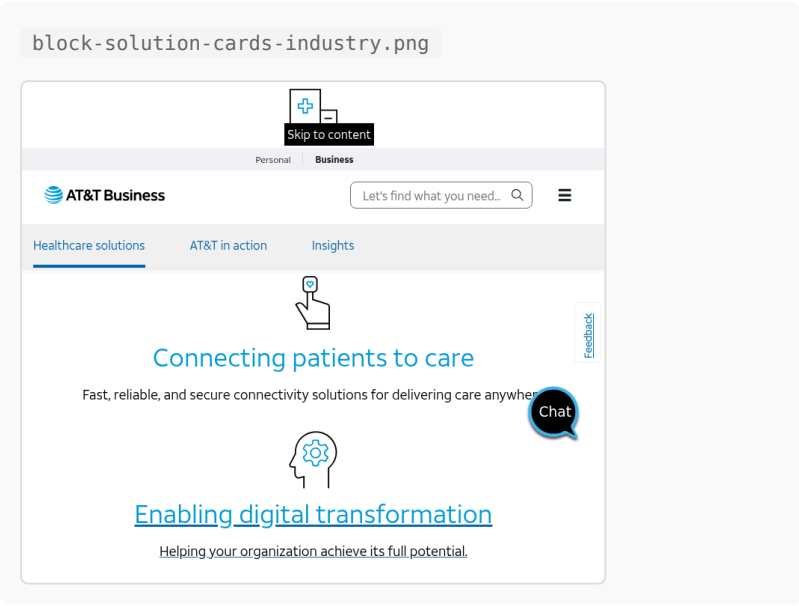

3.4 Offer Cards (Deals)

Promotional offer cards with pricing and terms.

Variation	Description	Example Page	Screenshot
Deal Cards	"All customers" / "New customers" badges, savings headline, terms	/products/wireless-plans.html	Part of page

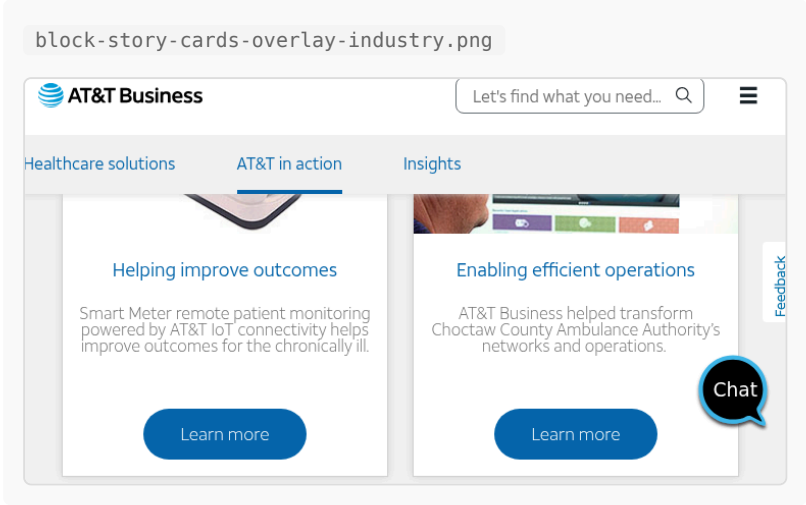

3.5 Solution Link Cards

Cards with icons linking to solution categories.

Variation	Description	Example Page	Screenshot
Industry Solutions	Icon + title + description cards for Mobility, Cybersecurity, etc.	/industries/healthcare.html	 A screenshot of the AT&T Business Healthcare solutions page. The page features a header with the AT&T Business logo and a search bar. Below the header, there are three tabs: 'Healthcare solutions', 'AT&T in action', and 'Insights'. The 'Healthcare solutions' tab is selected. The main content area has a light blue background and contains two sections. The first section is titled 'Connecting patients to care' and includes the text 'Fast, reliable, and secure connectivity solutions for delivering care anywhere'. The second section is titled 'Enabling digital transformation' and includes the text 'Helping your organization achieve its full potential.' There are also icons for a hand pointing to a screen and a head with a gear inside. A 'Skip to content' link is visible at the top, and a 'Chat' button is on the right side.

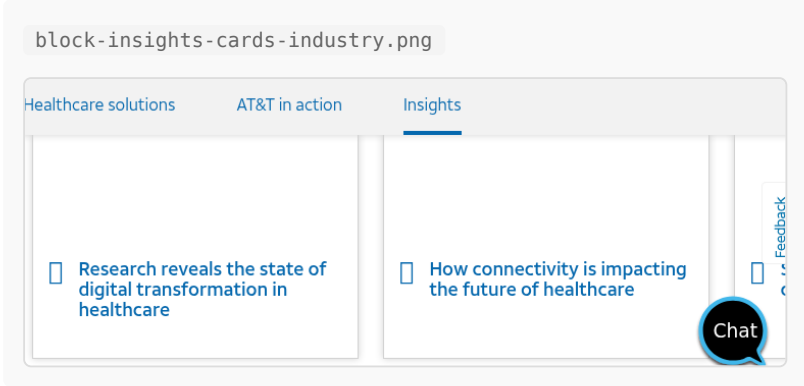

3.6 Story Cards with Overlay

Customer story cards with image background and text overlay.

Variation	Description	Example Page	Screenshot
Industry Stories	Image background, logo, story title overlay	/industries/healthcare.html	block-story-cards-overlay-industry.png 

3.7 Insights/Resource Cards

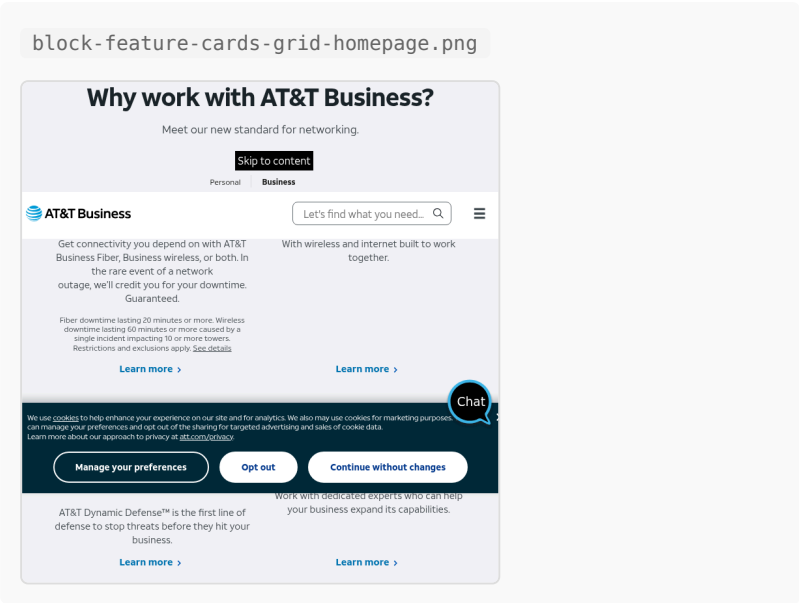

Resource and article cards.

Variation	Description	Example Page	Screenshot
Industry Insights	"Insights & resources" cards with thumbnails	<code>/industries/healthcare.html</code>	 block-insights-cards-industry.png

4. Feature Blocks

4.1 Feature Cards Grid

Multi-column feature highlight cards.

Variation	Description	Example Page	Screenshot
4-Column Homepage	"Why work with AT&T" - 4 cards with icons and descriptions	/	block-feature-cards-grid-homepage.png 

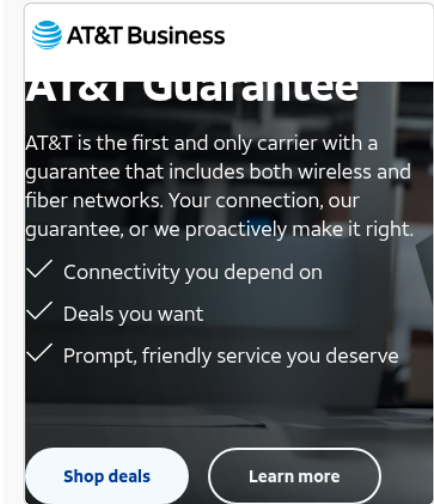

Variation	Description	Example Page	Screenshot
4-Column Product	"All AT&T Business wireless plans include" features	/products/wireless-plans.html	block-features-grid-wireless.png

Key Features:

- 2-4 column responsive grid
- Icon or image per card
- Heading + description text
- Optional footnote/disclaimer

4.2 Guarantee Checklist Block

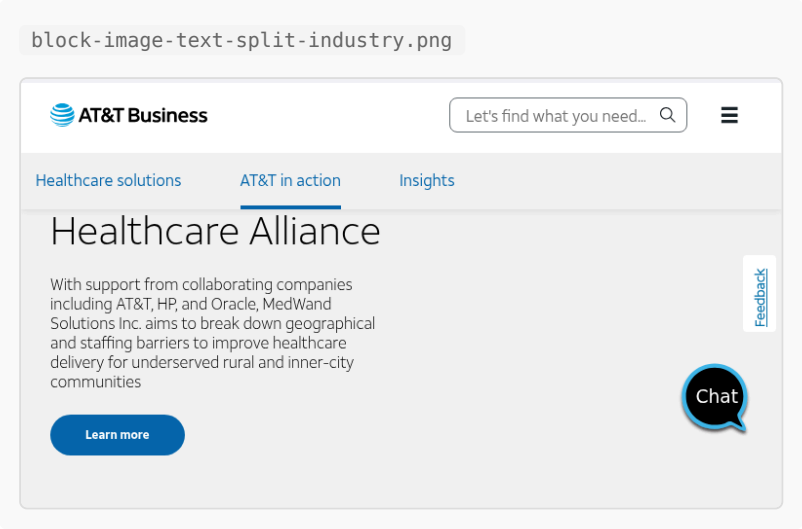

AT&T Guarantee messaging with checkmark list.

Variation	Description	Example Page	Screenshot
Homepage Guarantee	"AT&T Guarantee" heading, 3 checkmark items, disclaimer	/	block-guarantee-checklist-homepage.png 
Product Guarantee	"Deals you want backed by AT&T Guarantee" variant	/products/wireless-plans.html	Similar layout

5. Content Blocks

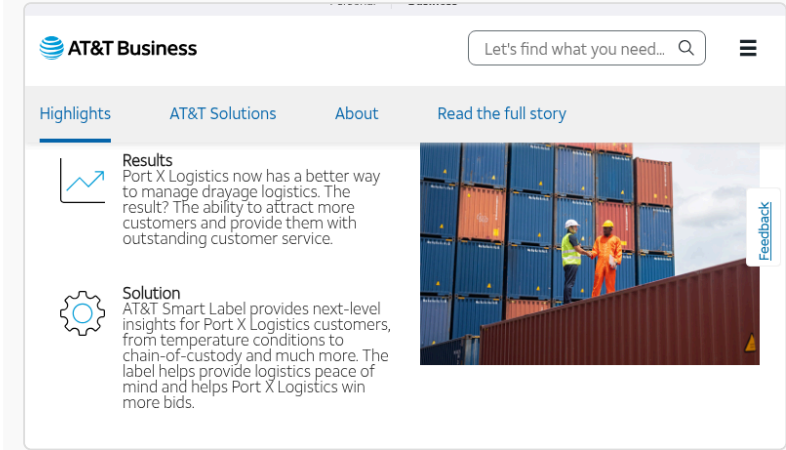

5.1 Image + Text Split

Side-by-side image and text content.

Variation	Description	Example Page	Screenshot
Industry Split	Image left, text + CTA right	/industries/healthcare.html	block-image-text-split-industry.png 

5.2 Highlights/Stats Block

Key statistics or highlights display.

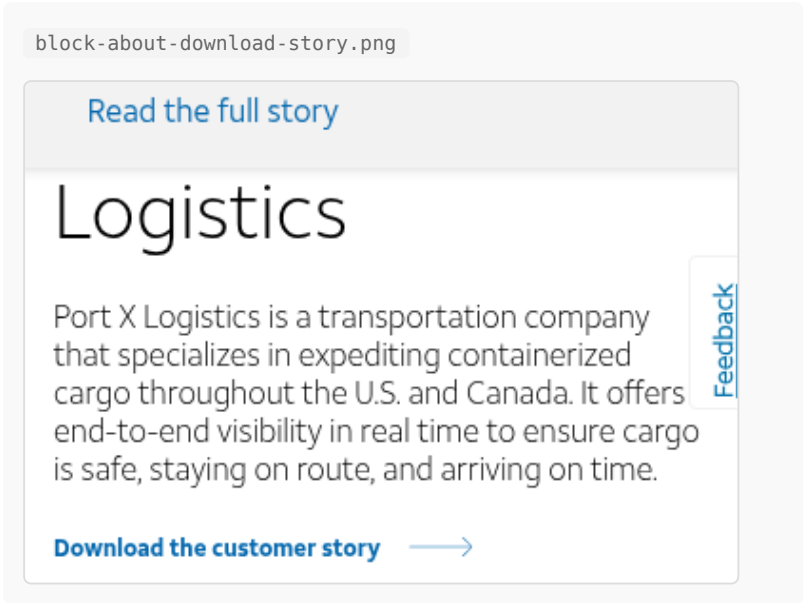

Variation	Description	Example Page	Screenshot
Customer Story Stats	3-column Challenge/Results/Solution with numbers	/learn/customer-stories/portx.html	block-highlights-stats-story.png 

Key Features:

- Large stat numbers (e.g., "\$50B+", "100+")
- Category labels
- Supporting description text

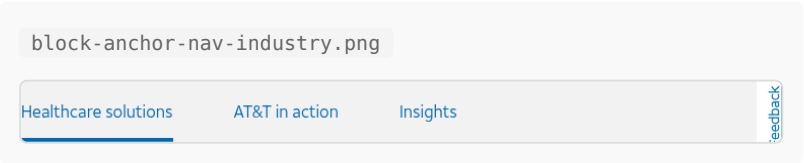

5.3 About Section with Download

Company/product information with downloadable resource.

Variation	Description	Example Page	Screenshot
Customer Story About	Company logo, description, "Download PDF" link	/learn/customer-stories/portx.html	 block-about-download-story.png Read the full story Logistics Port X Logistics is a transportation company that specializes in expediting containerized cargo throughout the U.S. and Canada. It offers end-to-end visibility in real time to ensure cargo is safe, staying on route, and arriving on time. Download the customer story → Feedback

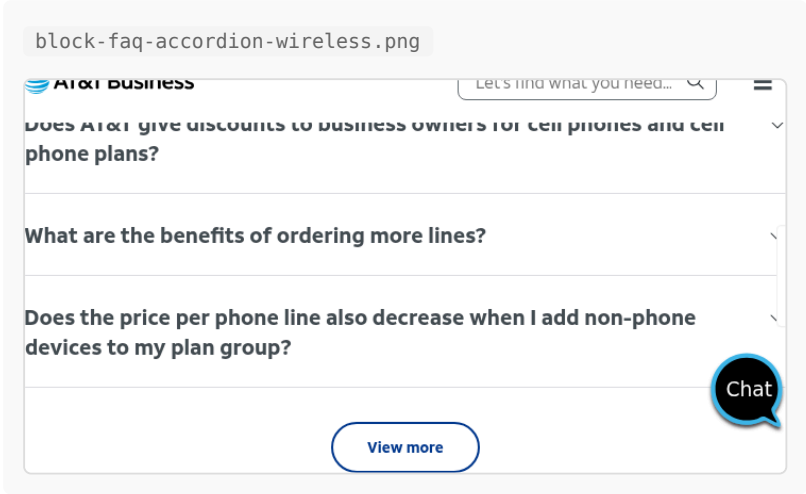

5.4 Anchor Navigation Pills

In-page jump link navigation.

Variation	Description	Example Page	Screenshot
Industry Nav	Horizontal pills for page sections	/industries/healthcare.html	 block-anchor-nav-industry.png Healthcare solutions AT&T in action Insights Feedback

5.5 FAQ Accordion

Expandable FAQ sections.

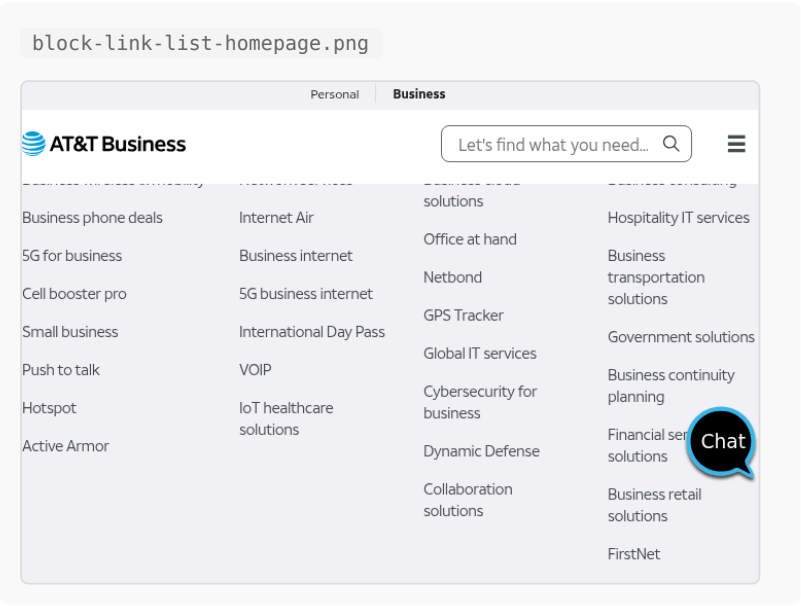

Variation	Description	Example Page	Screenshot
Product FAQ	"Frequently asked questions" with expand/collapse	/products/wireless-plans.html	

Key Features:

- "Expand all" button
- Clickable question headers
- Animated expand/collapse
- "View more" link for additional FAQs

5.6 Link List Block

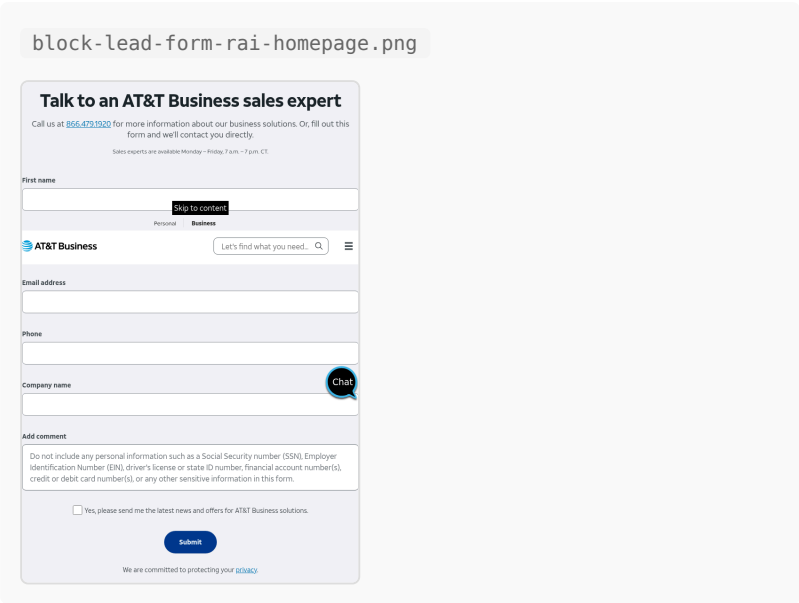

Multi-column categorized link lists.

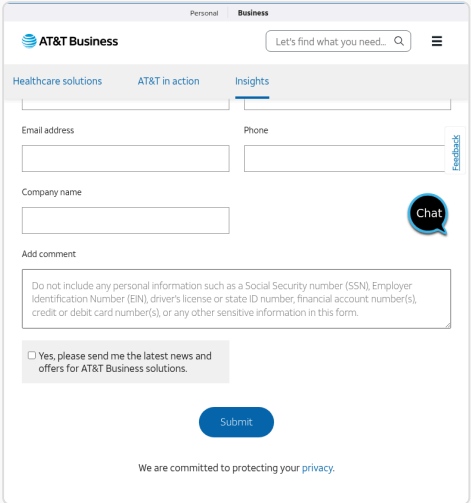

Variation	Description	Example Page	Screenshot
Homepage Links	"Looking for more?" 4-column link categories	/	 A screenshot of the AT&T Business homepage. At the top, there's a navigation bar with 'Personal' and 'Business' tabs, the AT&T Business logo, a search bar with the text 'Let's find what you need...', and a hamburger menu icon. Below the navigation bar is a 4-column grid of links. The columns contain the following links: Column 1: Business phone deals, 5G for business, Cell booster pro, Small business, Push to talk, Hotspot, Active Armor. Column 2: Internet Air, Business internet, 5G business internet, International Day Pass, VOIP, IoT healthcare solutions. Column 3: solutions, Office at hand, Netbond, GPS Tracker, Global IT services, Cybersecurity for business, Dynamic Defense, Collaboration solutions. Column 4: Hospitality IT services, Business transportation solutions, Government solutions, Business continuity planning, Financial services solutions, Business retail solutions, FirstNet. A 'Chat' bubble is visible on the right side of the grid.

6. Form Blocks

6.1 Lead Form (RAI - Request a Call)

Lead generation form with validation.

Variation	Description	Example Page	Screenshot
Homepage Form	"Talk to an AT&T Business expert" with 6 fields	/	block-lead-form-rai-homepage.png 

Variation	Description	Example Page	Screenshot
Industry Form	Similar form with industry-specific context	/industries/healthcare.html	block-lead-form-industry.png 

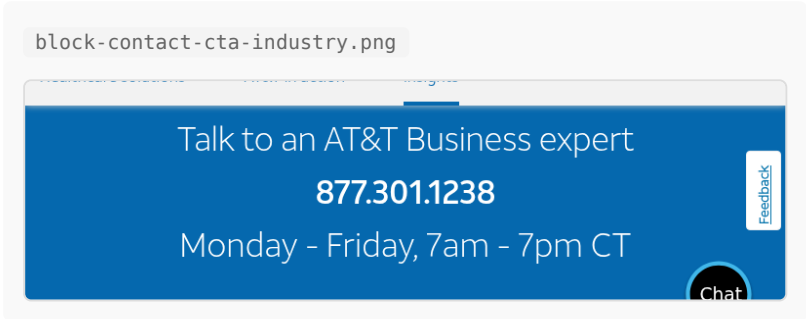

Fields:

- First name (required)
- Last name (required)
- Email address (required)
- Phone (required)
- Company name (required)
- Add comment (optional)
- Newsletter opt-in checkbox

7. CTA & Contact Blocks

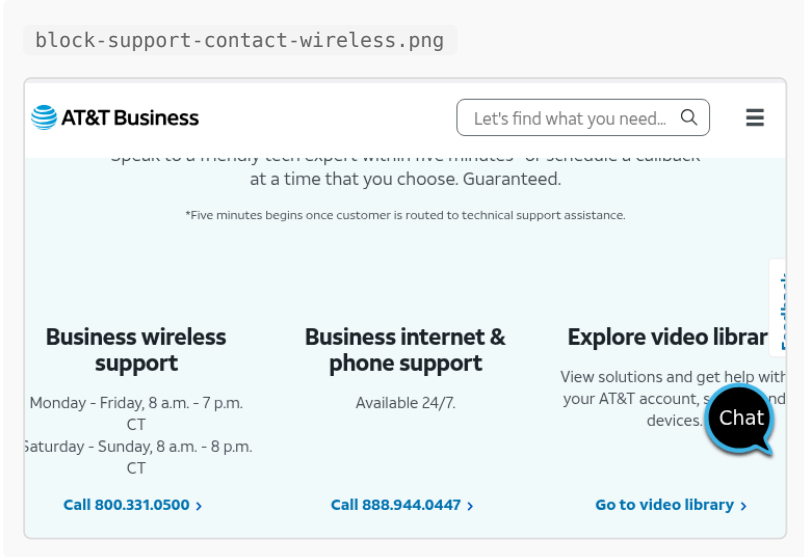

7.1 Contact CTA Banner

Full-width call-to-action banner with phone number.

Variation	Description	Example Page	Screenshot
Industry CTA	Blue background, "Connect with an AT&T rep" heading, phone number	/industries/healthcare.html	

7.2 Support Contact Block

Multi-column contact information with phone numbers.

Variation	Description	Example Page	Screenshot
Product Support	3-column: Wireless support, Internet support, Video library	/products/wireless-plans.html	 The screenshot shows a webpage for AT&T Business support. At the top, there's a search bar with the text "Let's find what you need..." and a magnifying glass icon. Below the search bar, there's a message: "Speak to a Monday-Friday tech expert within five minutes* or schedule a callback at a time that you choose. Guaranteed." followed by a small asterisk note: "*Five minutes begins once customer is routed to technical support assistance." The main content area is divided into three columns. The first column is titled "Business wireless support" and lists business hours: "Monday - Friday, 8 a.m. - 7 p.m. CT" and "Saturday - Sunday, 8 a.m. - 8 p.m. CT", with a "Call 800.331.0500 >" link at the bottom. The second column is titled "Business internet & phone support" and says "Available 24/7." with a "Call 888.944.0447 >" link at the bottom. The third column is titled "Explore video library" and says "View solutions and get help with your AT&T account, services and devices." with a "Go to video library >" link at the bottom. A "Chat" bubble is visible on the right side of the screenshot.

Key Features:

- Business hours display
- Click-to-call phone links
- Support category headings

8. Trust & Social Proof Blocks

8.1 Award Badge

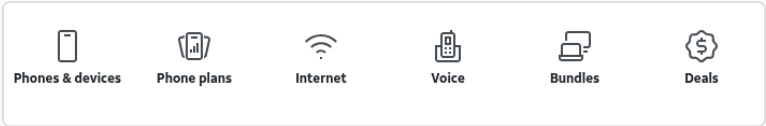

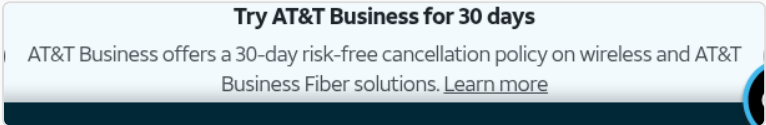

Industry award displays.

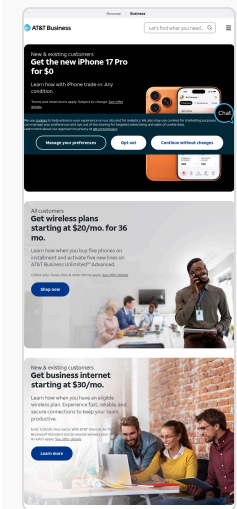

Variation	Description	Example Page	Screenshot
J.D. Power Badge	"#1 in Customer Satisfaction" with link to award info	/products/wireless-plans.html	

Block Priority Summary

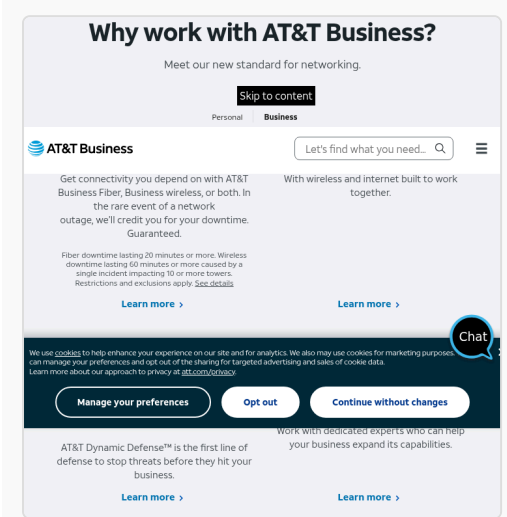

Priority	Block Type	Count	Notes
Critical	Hero, Pricing Cards, Lead Form, Header/Footer	6	Must have for launch
High	Card Carousels, Feature Grids, FAQ, Link Lists	10	Core content blocks
Medium	Stats, Image+Text, Anchor Nav, Award Badges	8	Supporting content
Low	Promo Banners, Disclaimers	4	Nice to have

Migration Strategy

Phase 1: Foundation (Weeks 1-2)

Goal: Establish core infrastructure and global components

- **Project Setup**

- Initialize AEM Edge Delivery project

- Configure build pipeline and deployment
- Set up content authoring in Google Docs/SharePoint

- **Global Components**

- Header block with navigation
- Footer block
- Base CSS variables (colors, typography, spacing)
- Design system foundation

- **Pilot Page**

- Migrate one simple product page as proof of concept
- Validate block authoring workflow

Phase 2: Core Blocks (Weeks 3-5)

Goal: Build reusable block library

Week	Blocks
Week 3	Hero Banner, Hero Carousel, Card Carousel, Feature Cards
Week 4	Pricing Cards, Offer Cards, Lead Form (RAI), Accordion/FAQ
Week 5	Link List, Quote Block, Video Block, Image+Text, Tab Panel

Phase 3: Page Templates (Weeks 6-8)

Goal: Create and migrate primary page types

Week	Page Types	Count
Week 6	Homepage, 5 Product pages	6
Week 7	Portfolio pages, Industry pages	15
Week 8	Offers page, Bundles page, Category pages	10

Phase 4: Content Migration (Weeks 9-12)

Goal: Full content migration

Week	Content	Count
Week 9-10	Remaining Product pages	30+
Week 11	Customer Stories, Articles	30+
Week 12	Support pages, remaining content	10+

Phase 5: QA & Launch (Weeks 13-14)

Goal: Testing, optimization, and go-live

- **Quality Assurance**

- Cross-browser testing
- Mobile responsiveness validation
- Accessibility audit (WCAG 2.1 AA)
- Performance optimization (Core Web Vitals)

- **Content Validation**

- Link checking
- Image optimization
- SEO metadata verification

- **Go-Live**

- DNS cutover
 - Redirect mapping
 - Monitoring setup
-

Page Type Priority Matrix

Priority	Page Type	Count	Justification
P1 - Critical	Homepage	1	Primary entry point
P1 - Critical	Offers	1	Revenue driver
P1 - Critical	Wireless Plans	1	Top converting page
P2 - High	Product Pages (top 10)	10	High traffic products
P2 - High	Portfolio Pages	9	Category navigation
P3 - Medium	Industry Pages	14	Vertical targeting
P3 - Medium	Industry Solutions	6	Vertical sub-pages
P3 - Medium	Remaining Products	35+	Full catalog
P3 - Medium	Category Pages	18+	Product groupings
P4 - Lower	Customer Stories	27+	Supporting content
P4 - Lower	Content Hub Listings	4	SEO content
P5 - Lowest	Support/Utility	5	Low change frequency

Technical Recommendations

1. Design System

- Extract AT&T brand colors, typography, and spacing from existing site
- Create CSS custom properties for consistent theming
- Build component library with documented variants

2. Form Integration

- Lead form (RAI) requires backend integration
- Implement form validation matching current behavior
- Consider progressive enhancement for accessibility

3. Carousel/Slider Implementation

- Use touch-friendly, accessible carousel library
- Implement lazy loading for off-screen slides
- Ensure keyboard navigation support

4. Content Modeling

- Structure content for reusability across pages
- Use fragments for shared content (legal disclaimers, CTAs)
- Plan for multi-language support if needed

5. Performance Targets

- Lighthouse Performance: 90+
- First Contentful Paint: < 1.5s
- Largest Contentful Paint: < 2.5s
- Cumulative Layout Shift: < 0.1

6. SEO Considerations

- Maintain URL structure or create redirect mapping
- Preserve meta titles, descriptions, and structured data
- Implement canonical URLs for similar pages

Estimated Page Counts Summary
